

Anti-Doping Quickinfo

You are not sure about one of the following questions or would you like to find out more to be on the safe side? (Some of the infos are available in German only - the translation tool of your browser can help)

Is my medical treatment allowed or not?

The medication query or MedApp provides the result in a matter of seconds as to whether a medication or substance is banned or permitted:
www.nada.at/medapp

Do I need a Therapeutic Use Exemption?

The TUE checker helps you decide whether a Therapeutic Use Exemption (TUE) is necessary:
www.nada.at/tue-checker

How high is the risk of my dietary supplement?

With the NEM-Checker, nutritional supplements (NEM) can be classified according to their doping risk:
www.nada.at/nem-checker

How do I report doping?

Do you need more information on how to deal with information about doping or who you can contact anonymously?
www.nada.at/hinweise

Where can I find out more about doping and clean sport?

The platform aktiv.nada.at offers eLearning courses, videos, articles, games and learning materials. NADA Austria is also represented on Facebook, Instagram, X and YouTube.
